

"FASTDRAW PRO" CHEMICAL MANAGEMENT SYSTEM

Betco's "FastDraw® PRO" is the most versatile wall mounted chemical management system — dilute multiple products from a single dispenser. Fill spray bottles, mop buckets or automatic scrubbers for consistent cleaning and reduced costs.

When cleaning chemicals are not accurately diluted, it is like pouring money down the drain, which can potentially endanger the cleaning staff and cause poor cleaning results.

The most durable, versatile and simple 4-bay locking chemical management system on the market. The dispenser is designed to dispense into bottles or buckets from each bay and can be mounted in a corner or on flat walls.

Multiple cleaning products are available that fit into this dispenser for all your needs – contact our team to find out more!

**JANCART
3-SHELF GRAY JANITOR'S CART**

This roomy janitor's cart makes it easy to transport mop buckets, cleaning supplies, restroom stock, housekeeping essentials, and more. Molded-in tool hooks keep mops, brooms, and extension wands upright and ready for use. Easy-to-clean durable vinyl bag lifts up and is ideal for either waste or linen collection. Metal pressure bars are available (sold separately) for the vinyl bag for a more secure fit. Two 3" swivel casters and two 8" wheels make it extremely mobile for getting around tight spaces on various surfaces.

WYPALL X60 CLEANING CLOTHS, 236/BOX

WypAll® General Clean X60 Multi-Task Cleaning Cloths absorb more than two times as much water as rags. They don't use adhesives or binders, so they'll leave no residue behind, and they're reinforced for strength when wet or dry. They can be used for applying thinners and solvents, in cable lubricant removal, adhesive cleaning and removing grease and soil in tight areas. These cleaning towels come in a Brag Box dispenser and are so sturdy that they can often be used more than once.
